Get right up there where Spur Cigarettes are galloping in the lead.

Judge Spurs by that good old tobacco taste-American and Imported tobacco, blended in a new way.

Judge 'em by their good-breeding, emphasized by their smart package of brown and silver.

They're crimped, not pasted. So they burn slower and draw easier. Rolled in satiny, imported paper.

Something about that package and that cigarette just naturally fills the bill.

You know Spurs for a winner the minute the dealer trots 'em out.

Which Do You Prefer:

BECAUSE both are made by Armour, you can use on your table and in your kitchen, either 3X Oleomargarine or Nut-ola nut margarine, and in either case be sure you are getting the best of its own kind. For, both are made in the world's finest exclusive eleomargarine plant and guaranteed in purity and quality by this big name in the pure food world-

Armours

Oleomargarine

Made Under Government Inspection

Pure oleo oil and neutral, highly refined vegetable oils, a good per cent of choice uncolored creamery butter and milksafted to taste from dairy farms under inspection of Hourd of Health-just these ingredents and nothing more are blended for 3X oleomargarine. And they are churned in our new tile-lined plant, where cleanliness is enforced in every detail.

3X Oleomargarine, made under Government inspection and sold under Government license, has back of it the quality governnee that goes with the name of Armour.

Nut-ola *APureVegetable Oil Product

Armour's Nat-ola is similar to the nut product used so largely in Europe. It is made only from highly refined cocuanut oil and peanut oil, pasteurized milk from inspected dairy farms, and salt -nothing

Perfected to such an extent in foreign countries, Armour has imported the processes complete. We even brought from Holland our electric churus and experts to operate them. So what is today offered as a new food in America has back of itfour decades of use and manufacturing experience. Try Nut-ola. It proves the flavor you like.
